PMS InConnect v1.1.1

NEC would like to inform you about the latest announcement regarding the PMS-InConnect InAPP.

PMS InConnect v1.1.1

As you are aware, NEC is constantly striving to maintain and enhance its products to its partners and customers.

Therefore, NEC is pleased to announce approved certified support from two of the leading vendors in the hospitality world.

PMS-InConnect has now approved and certified its interface functionality with Hilton OnQ and Infor HMS.

In addition PMS-InConnect has enhanced the messaging with BCT Console and the SV9100 and SL2100 PBX to ensure the hospitality experience is more personalized to suit the guest.

Compatibility

Compatible with FIAS 2.2x, the same PMS-InConnect package can be installed on SL2100 and SV9100. The architecture differences are handled automatically.

Pricing Aspects & Items

Pricing can be obtained from your NEC representative/Channel Manager or Prophix.
