NEC Terminals Portfolio update – CETIS

NEC herewith announces a NEC Terminals portfolio update. This announcement is specific regarding the limited set of Cetis®, Teledex®, TeleMatrix®, and Scitec® terminals, also known as CETIS terminals, that is available in NEC Profix CPQ.

Cetis Terminals Update

As you are aware, NEC is constantly striving to maintain and enhance its service to its partners and customers, while on the other hand exploring options to maintain the most cost effective solution to partners and customers whilst safeguarding the NEC ECO commitments.

Therefore, NEC would like to announce that due to the significantly higher costs of transport ongoing and the complexity of delivery, it has been decided to stop the offering and delivery of the limited set of CETIS terminals that are available in Profix CPQ per **May 1st, 2023**. New quotation and orders for Cetis terminals should be referred directly to Cetis.

NEC and CETIS will continue our longstanding relationship and work in partnership to maintain interoperability between our products and to provide good support to all our partners.

Availability & Order Information

To contact Cetis for United Kingdom, Europe & CIS, the following details can be used:

CETIS EA LTD
UNITED KINGDOM, EUROPE & CIS
TEL: +44 (0)1908 904 860
